\*With your registration you will receive free Apogee Technical Support from a live operator and automatic product update notifications.

## **About Apogee**

Since 1985, Apogee Electronics has been a leader in professional digital audio. Apogee products are used in some of the most prestigious recording studios around the world. If you haven't seen Apogee gear, you've heard it on countless GRAMMY® and OSCAR® winning recordings. Whether you're working in a professional studio, recording on the road or rocking out in your garage, quality, ease of use and affordability make Apogee ideal for anyone creating music on iPad or Mac.

## Package Contents

MiC

Tripod

Dock Port Connector Cable

USB Cable

# MiC Features

## Status Indicator Light

- **Blue** - Connected to hardware device , but not working with audio software
- **Dim Green** - Working with audio software, no audio level
- **Bright Green** - Audio level is present
- **Orange** - Approaching maximum input level
- **Red** - Input overload, adjust the gain using the Gain Control Knob on the side of MiC

# System Requirements

## **iOS:**

**Devices:** iPad, iPad2, iPhone 4 and iPod touch

**iOS version:** 4.3 and later

**Connection:** Dock connector port (no batteries required)

**Software:** Made for GarageBand

## **Mac OS:**

**Computer:** Mac, with an Intel processor

**Memory:** 1 GB minimum of installed RAM, 2 GB recommended

**OS version:** 10.6.4 or later including 10.7 Lion

**Connection:** USB 2.0 Full Speed

**Software:** GarageBand, Logic Pro, MainStage or any Core Audio compatible application

## Using the Tripod

- 1 Screw the Tripod into the threaded hole on the back of MiC.
- 2 Tighten the locking nut on the Tripod to create a tight fit.
- 3 Loosen the wing nut on the back of the Tripod and move MiC into the desired position.
- 4 Tighten the wing nut to lock MiC in place.

## Using MiC with an iPad

- 1 Plug MiC into your iPad using the provided iOS Dock Connector Cable.
- 2 Check the status light on MiC, it should be **Blue**.
- 3 Start up GarageBand and choose New Song.  
MiC's status light should turn to **Green**.
- 4 Choose Audio Recorder.
- 5 To hear your track, turn Monitor ON by clicking this icon  and following instructions.
- 6 Plug your headphones into iPad's headphone output or just listen through iPad's built-in speakers.
- 7 Click the Record button  and you are recording with MiC!

## Using MiC with an iPhone or iPod touch

- ➊ Plug MiC into your iPhone or iPod touch using the provided iOS Dock Cable.
- ➋ Check the status light on MiC, it should be **Blue**.
- ➌ Start up Voice Memos application.\*  
MiC's status light should turn to **Green**.
- ➍ Check your input level on the Status Indicator Light and adjust accordingly.
- ➎ Click the Record button and you are recording with MiC!

\*Please see [www.apogeedigital.com](http://www.apogeedigital.com) for other compatible software

## Using MiC with a Mac

- ➊ Plug MiC into your Mac using the provided USB cable.
- ➋ Check the status light on MiC, it should be **Blue**.
- ➌ Open GarageBand and select New Project > Voice. Name and save your project.
- ➍ Go to GarageBand > Preferences > Audio/MIDI and select MiC for Audio Input.
- ➎ MiC's status light should now turn **Green**.
- ➏ Check your input level on the Status Indicator Light and adjust accordingly.
- ➐ Select the track you want to record on and click the Record button.

## Recording Techniques

### Vocals

Place MiC directly in front of the singer about 6 to 24 inches away with the front of MiC pointed towards the singer. The closer the singer is to MiC, the more low end or bass it will pick up. MiC has a polar pattern that is cardioid, which means that it will be most effective recording sounds that are directly in front of MiC and increasingly less on the sides.

Be sure to check your levels on the Status Indicator Light. The best way to do this is to sing the loudest passage you will be recording and adjust the gain so the Status Indicator Light is Green and not Red. If the light becomes red when recording, the input is too hot and the recording will be distorted.

We highly recommend using a pop filter when recording vocals with MiC. This will shield the microphone capsule from sudden bursts of air, minimizing popping and distortion.

## Recording Techniques continued

### Acoustic Guitar

Place MiC about 6-12 inches away from the sound hole, with the front of MiC pointed at the 12th fret. If you want to capture more low frequencies, move MiC toward the sound hole. If you want to capture more high-end or remove unwanted boominess, move MiC toward the tuners. When experimenting with placement, make sure the front of MiC is always pointed toward the source of the sound you are recording.

Optimal placement of MiC will depend on the instrument, performance and what type of sound you are looking to capture. It's best to move MiC around and listen to the sound to determine the best placement.

## Registration and Warranty Information

Be sure to register your MiC by completing the on-line registration form at our Web site:

[www.apogeedigital.com/register](http://www.apogeedigital.com/register)

The benefits of registering include access to free, expert technical support by email, live chat or phone, important email notifications about new features and important updates, and notification by email about new Apogee products before they are announced to the public.

Please address any inquiries to your dealer or directly to Apogee at:

APOGEE ELECTRONICS CORPORATION

1715 Berkeley St Santa Monica, CA 90404, USA

TEL: (310) 584-9394, FAX: (310) 584-9385

email: [support@apogeedigital.com](mailto:support@apogeedigital.com)

APOGEE ELECTRONICS CORPORATION warrants this product to be free of defects in material and manufacture under normal use for a period of 12 months. The term of this warranty begins on the date of sale to the purchaser. Units returned for warranty repair to Apogee or an authorized Apogee warranty repair facility will be repaired or replaced at the manufacturer's option, free of charge.

**ALL UNITS RETURNED TO APOGEE OR AN AUTHORIZED APOGEE REPAIR FACILITY MUST BE PREPAID, INSURED AND PROPERLY PACKAGED, PREFERABLY IN THEIR ORIGINAL BOX.**

Apogee reserves the right to change or improve design at any time without prior notification. Design changes are not implemented retroactively, and the incorporation of design changes into future units does not imply the availability of an upgrade to existing units. This warranty is void if Apogee determines, in its sole business judgment, the defect to be the result of abuse, neglect, alteration or attempted repair by unauthorized personnel. The warranties set forth above are in lieu of all other warranties, expressed or implied, and Apogee specifically disclaims any and all implied warranty of merchantability or of fitness for a particular purpose. The buyer acknowledges and agrees that in no event shall the company be held liable for any special, indirect, incidental or consequential damages, or for injury, loss or damage sustained by any person or property, that may result from this product failing to operate correctly at any time.

**USA:** Some states do not allow for the exclusion or limitation of implied warranties or liability for incidental or consequential damage, so the above exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

**Service Information**

MiC contains no user-serviceable components; refer to qualified service personnel for repair or upgrade. Your warranty will be voided if you tamper with the internal components. If you have any questions with regard to the above, please contact Apogee.

In the event your MiC needs to be upgraded or repaired, it is necessary to contact Apogee prior to shipping, and a Return Materials Authorization (RMA) number will be assigned. This number will serve as a reference for you and helps facilitate and expedite the return process. Apogee requires that shipments be pre-paid and insured — unless otherwise authorized in advance.

**IMPORTANT: ANY SHIPMENT THAT IS NOT PRE-PAID OR IS SENT WITHOUT AN RMA NUMBER WILL NOT BE ACCEPTED.**

No part of the software and its related documentation may be copied, transferred, or modified. You may not modify, adapt, translate, lease, distribute, resell for profit or create derivative works based on the software and its related documentation or any part thereof without prior written consent from Apogee Electronics Corporation, U.S.A.

## Warnings

### FCC warning

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to take whatever measures necessary to correct the interference at his own expense.

## Declarations of Conformity

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and (2) This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules.

**CAUTION:** Changes or modifications not expressly approved by Apogee Electronics Corporation compliance could void the user's authority to operate the equipment.

Rating: 3.3-5V 100mA USB 2.0

## Industry Canada Notice

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations. Cet appareil numérique de la classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

## Declaration of Conformity – CE

Apogee Electronics Corporation hereby declares that the product, MiC, to which this declaration relates, is in material conformity with the following standards or other normative documents:

(EN50081-1/EN55022; 1995) and (EN50082-1/IEC 801-2, 3, 4; 1992)

following the provisions of: (73/23/EEC – Low Voltage Directive) and (89/336/EEC – EMC Directive)

## **Declarations of Conformity continued**

### **Declaration of Conformity – CE**

Apogee Electronics Corporation hereby declares that the product, MiC, to which this declaration relates, is in material conformity with the following standards or other normative documents:

(EN50081-1/EN55022; 1995) and (EN50082-1/IEC 801-2, 3, 4; 1992)

**Warranty Information**

APOGEE ELECTRONICS CORPORATION warrants this product to be free of defects in material and manufacture under normal use for a period of 12 months. The term of this warranty begins on the date of sale to the purchaser from an authorized Apogee dealer (proof of purchase in the form of a receipt may be required). Units returned for warranty repair to Apogee or an authorized Apogee warranty repair facility will be repaired or replaced with a functional equivalent product that is new or refurbished at the manufacturer's option, free of charge. Please note this guarantee may be subject to other conditions as dictated by the customer's legal warranty rights under the applicable national legislation governing the sale of consumer goods.

Apogee reserves the right to change or improve design at any time without prior notification. Design changes are not implemented retroactively, and the incorporation of design changes into future units does not imply the availability of an upgrade to existing units. This warranty is void if Apogee determines, in its sole business judgment, the defect to be the result of abuse, neglect, alteration or attempted repair by unauthorized personnel. The buyer acknowledges and agrees that in no event shall the company be held liable for any special, indirect, incidental or consequential damages, or for injury, loss or damage sustained by any person or property, that may result from this product failing to operate correctly at any time.

Warranty details are subject to change. For the latest warranty information please visit [www.apogeedigital.com](http://www.apogeedigital.com).

APOGEE ELECTRONICS CORPORATION (アポジー・エレクトロニクス・コーポレーション)は、通常の使用方法で、材料および製造上に欠陥がないことを1年間保証するものとします。この保証期間は、Apogee 社の正規販売店から購入していただいた販売日からとなります(レシート形式の購入証明書が必要になります)。Apogee 社に保証修理のため返品した部署または、Apogee 社認定の保証修理施設は、製造業者の意見を元に、機能的に新品と同じ、または修理されて新品同様のものと、無償で交換または修理するものとします。保証に関するお客様の法的権利に記載の通り、本保証書の内容はお住まいの国の商品販売に適用される法律によって変わる場合があります。

Apogee 社は事前通知なしに、いつでも設計を変更したり改善する権利を留保します。設計変更は遡及的には実行されませんし、また設計変更を将来の製品に統合すること(組み込む)は、既存の製品をアップグレードできることを意味するものではありません。Apogee 独自のビジネス上の判断で、誤用、過失、変更、許可のない者の企てられた修理の結果の不具合と確定した場合は、この保証は無効とします。購入者は、いつでも正しく作動しないこの製品に起因する、間接的、付随的、または特別損害賠償、あるいは、何人による、何人へのまたはいかなる財産への結果的損失または損害に対しても当会社が責任を問われることはないことを認め、同意するものとします。

保証の詳細は、変更されることがあります。最新の保証に関する情報につきましては、[www.apogeedigital.com](http://www.apogeedigital.com)にアクセスしてください。
